RALLY GUIDE I

BAJA PORTALEGRE 500

INTRODUCTION & WELCOME

Dear friends,

The Baja Portalegre 500 is back promising new emotions and great competition. Being the last event of the FIA Cross Country World Cup, as well as the last round of the national off-road championship for cars and bikes, it will be decisive to define the national and international titles, which reinforces its international projection.

Downtown Portalegre will host, once again, the starting ceremony at the Tarro Garden, where we hope to host a great celebration to signal the start of the largest and oldest Portuguese off-road event.

The layout is similar to that of previous years, with the traditional 5 km of the Prologue, which signals the start of the competition. Cars, Bikes, Quads and SSV will face a further 85 km on SS2. The Mini Baja is also back, this time held in line, on a special stage, offering the younger ones more competitiveness.

We are, once more, grateful for the support of our sponsors – BP, Municipality of Portalegre and Municipality of Ponte de Sor – as well as for the collaboration of the Municipalities of Abrantes, Alter do Chão, Crato, Fronteira, Gavião, Monforte, Nisa and Sousel, and the Community Councils of Chança, Comenda, Cunheira, Tolosa and Monte da Pedra, without which the Event would not be possible.

We also count on the collaboration of the National Guard (GNR), the Fire Brigade of Portalegre District, as well as the support of Fonte Viva, Ibermedia, SNB, Fençaça, Portuguese Hunters Federation, RTP, and Rádio Portalegre.

We also appreciate the support of all the elements of the organisation and we owe a special thanks to the support of the owners who allow the race to cross their lands. This collaboration is the secret of our success and the reason for the longevity of this race.

For all these reasons, we hope that you will be able to join us for the Baja Portalegre 500.

Carlos Barbosa

HISTORY

Brief History of the Baja de Portalegre

The Baja of Portalegre was the first cross-country event held in Portugal, in June 1987, based in Portalegre city.

In fact, Clube Aventura, headed by José Megre, an ex-Dakar Rally driver, had this event in mind since 1983, but it took him almost four years to materialize the idea, since he had to get the help and authorization from the local authorities. Dr. Miranda Calha, today a member of Parliament and, at that time Minister of Sports, was behind this idea.

100 cars and more than 100 bikes entered the first Baja Portalegre, at that time called Rali Maratona de Portalegre and sponsored by Finicisa.

The event ran on a 350 km route long to be done twice with no stops. Heavy rains and mud made the event a remarkable challenge for cars and bikes.

The second and third edition, were held on the following two years, where entries and mud conditions doubled. On the memorable fourth edition in 1989, there were 250 cars and 450 bikes but only 10% of the competitors finished! It was amazing, besides the conditions!

Since the first year, many international riders, even the best of them, who came from around the world just to join Portalegre, represented bikes. From Serge Bacou, Thierry Charbonnier, Gilles Lalay, Stephane Peterhansel, David Castera, Cyril Esquirol, Richard Saint, Alain Perez, Thierry Magnaldi, and many others have participated in this event.

Only in 1995 and 1996, foreigner riders reached the podium, as it was the case of Richard Saint and Alain Perez.

THE EVENT, along more than 30 years...

The 1st edition of the event under the name Rali Maratona de Portalegre Finicisa, run with 2 laps on 350 km itinerary..

1987

2nd edition with 2 laps on a 400 km itinerary (800 Km Finicisa – Portalegre)

1988

The event ran on a single lap of 500 km, under the name – 500 km Cerveja Sagres Portalegre..

1989

1990

On the bikes, the race changed to one rider per bike. Entries rose to 250 cars and 450 bikes and an identical figure ran on the following three years!

1997

11^a Baja Galp 500 Portalegre – The event gets a new sponsor and, due to heavy rain, it was shorten to 200 Km. The main National TV Network – SIC, started a 5 years strong coverage of this event.

1999

Baja Porta da Ravessa 500 / Portalegre – A new sponsor entered again. The Adega Cooperativa do Redondo, producer of some of the best Alentejo Wines (Porta da Ravessa), became the main sponsor. For the first time this event was ran on two special stages for cars.

The event was not eligible for the National Cross-Country Championship (Auto).

2000

A 3rd special stage was introduced for cars, to be ran on Sunday morning. The event was candidate of the FIA Cup of Bajas.

2001

As a FIA Baja Cup event, the race re-entered the National Championship, as a "Joker" event. National TV Station RTP was granted the exclusive TV rights of the event.

2002

2003

Porta da Ravessa wine gives way to a new wine: Anta da Serra, from the same company, therefore it became the name of the event.

Colin McRae raced his first race with his new Nissan Pick Up, entered by Nismo.

2004

201 bikes and 133 cars at the start and a great participation from the factory teams. VW with Carlos Sainz (first cross country race), Bruno Saby, Jutta Kleinschmidt and Mark Miller, and Mitsubishi, with Luc Alphand and Hiroshi Masuoka. Under some heavy rain the race between Sainz, Kleinschmidt and Alphand was a great one. The winner was the Mitsubishi of Alphand.

2005

2006

211 bikes and 114 cars at the start. Marc Blazquez dominated the race. Between the bikes, Mario Patrão won and Luis Engeitado was the fastest of the quads.

2007

Portalegre saw for the third time, Miguel Barbosa and Miguel Ramalho claim victory. António Maio wins at the Bikes.

2008

144 Bikes and 90 cars at the start. The new brand Pajero Racing Lancer with Stephane Peterhansel and Jean Paul Cottret won its first race. In the Bikerbikes the local “hero” António Maio won again.

2009

4th victory of Filipe Campos (Auto) and Mário Patrão (Bike) in Portalegre.

2010

Krzysztof Holowczyc (auto) and António Maio (bike) win the Baja.

2011

The 25th Baja Portalegre 500 was attended by more than 600 competitors in a tribute to the 1st Cross-Country event held in Portugal.

As a FIM Baja World Cup for the first time, António Maio wins the race for the 5th time.

2012

Victories for Roberto Borrego (Quads), David Além (UTV), João Guilherme (Buggy) and

Miroslav Zapletal / Maciek Marton (Auto).

Holowczyc (Auto), Patrão (Bike), Carita (Quad), Tavares (UTV) and Ferreira were the winners.

2013

The first place of the podium was achieved by Ricardo Porém (Auto), Mário Patrão (Bike), Luís Engeitado (Quad), João Lopes (UTV) e Bruno Martins (Buggy).

2014

2015

Ricardo Porém bisa nos Auto, Luís Oliveira acaba com a hegemonia Patrão/Maio em Moto, Roberto Borrego regressa às vitórias em Quad, João Dias vence em UTV e Daniel Russso em Buggy.

2016

At the historical edition of the 30 years of the Baja Portalegre 500, the event hosted a record number of entries: 321 Bikes/Quad/SSV and 120 Auto. The great highlights is the third victory of Ricardo Porém and the presence of the couple Stéphane and Andrea Peterhansel, reaching the 3rd place in the UTV category. Luís Oliveira and Roberto Borrego won again Bike and Quad and João Silva and Marco Silva won the UTV category.

Weather

In October, the climate in Portalegre is typically autumn: increasing humidity and rain periods.

The weather is usually unstable; mornings are foggy while afternoons are sunny and clear, though some showers can occur.

Consider wearing warm clothes in cooler evenings and by night, when temperatures get much lower.

THE REGION

DISCOVER PORTALEGRE

The Northern Alentejo - Portalegre - is almost a mythic region, a region where time is time. Reality lies here, waiting to be unveiled, in the endless plains and mountains, in the water that entertains and cures, in the great open spaces of nature or in those built by man both for ancient wars and for peace. Authenticity lies here, in the nobility that our ancestors lent to the stones of the dolmens and menhirs, to the armorial bearing of the manor houses and to the unique flavours generated in secret in the ancient convents and wineries. The truth also lies here, in the festival and the fair, in the music, the dancing and in the local art, where tradition is maintained.

The city of Portalegre, with about 16000 inhabitants, grew up mainly from the 16th century on, moment when Portalegre became town and bishopric. Also, the economic progress, result of the agriculture, trade and industry, took some noble and bourgeois families to the new town, where they built houses with some charm and greatness.

The places to visit are open every day, except Mondays; the schedules are similar (9h30 -12h30 /14h – 18h).

DISCOVER PONTE DE SOR

Ponte de Sor is a municipality in Portalegre District in Portugal. The population in 2011 was 16.722 in an area of 839.71 km².

The city's name is derived from the first roman bridge, which was part of the 3rd military road connecting Lisbon to Merida. An area of upheaval in between borders during the reconquest, Ponte de Sor, which initially belonged to the Templars, was taken back by the Order of St. Benedict. Its first "Foral Charter" was bestowed upon it by the Diocese of Évora in 1161, and later ratified by D. Manuel. Once the roman bridge was gone, King João VI had the bridge that stands today built in 1822.

ENVIRONMENTAL POLICY

We want each and every one of us to have a responsible attitude and to be the Ambassador of good environmental practices, so that our Baja is the most ecological and sustainable as possible, avoiding the garbage-strewn scenarios, especially, at the ZEs.

SO:

- Do not throw waste on the ground.
- Pick up your waste before leaving the ZE!
- Use waste bags and put them in the waste can or in the nearest recycling zone!
